

13 APR 1976

Mr. Robert W. Wells
Executive Director
Interagency Classification Review Committee
National Archives Building
Seventh Street & Pennsylvania Avenue, N.W.
Washington, D.C. 20408

Dear Mr. Wells:

CIA was in the process of updating its regulations on control markings when we received Dr. Rhoads' letter of 22 March on the same subject. As a result of the letter and our review, we have deleted the control marking "SENSITIVE" from the revised regulations.

The revision of CIA [redacted] "Controls for Dissemination and Use of Intelligence and Intelligence Information," will be published and disseminated throughout the Agency by 1 May 1976. A notation marking the deletion of "SENSITIVE" will be used to direct employees' attention to such deletion.

STAT

Other classification and control markings used in CIA are in accordance with EO 11652 and the National Security Council Directive of May 17, 1972.

Sincerely,

/s/ John F. Blake
